

ALL OTHER VENDORS

ALL OTHER VENDORS (OTHER THAN FOOD) FALL INTO OUTSIDE ATTRACTIONS CATEGORY

1. Any vendors setting up in any street location or sidewalk location will be asked to leave unless they have been approved by the Odessa Chamber Attraction Committee with exception of the Flea Market vendors. (The vendors inside of the Flea Market are accepted or denied by the Flea Market Committee. Some are in the school bus building and also in the street area beside the bus garage.)
2. All other vendors must apply to the Chamber for approval with that responsibility designated to the Attraction Committee. That committee's duties shall include screening special attractions to prevent duplication and assure quality. They will also decide on the placement of each attraction, make sure they have insurance and help them with such problems as electrical outlets, toilet facilities, etc. Some attractions that fall into this category are:

- Souvenir booths and all other products
- Children's toys
- Miniature golf
- 3 on 3 Basketball
- Carnival
- Go Karts
- Model Airplane Show

3. By agreement with the Town of Odessa, the Chamber has the authority to control the closed street areas and pays for extra police protection for the parade, fun run, beer garden and part of the protection for the teenage dance at the high school. While we cannot control access to private property, we ask property owners to work with the Chamber Committees to discourage outside vendors from setting up in order to preserve the clean, small town quality of our festival and prevent the dollars from leaving town with the vendors. We want those dollars circulating here in Odessa to boost our economy as much as possible.
